(Autonomous College Affiliated to University of Mumbai)

Ph. D Orientation- 2019

(Date: March 1, 2019)

Orientation program for the newly admitted Ph. D 2018-19 batch was organized in A202, Einstein hall on 1st March 2019. The orientation was attended by Ph.D students, Ph.D supervisors and faculty members. The objective of the program was to make the students aware of the academic aspects of the course, salient features of autonomy, curriculum and rules and regulations of the college.

The program started with Somaiya prayer and welcome note by Dr. Deepak Sharma.

Dr. Deepak Sharma spoke about history of the college, college infrastructure and different programs run by college. Students were introduced to Principal, Deans, Head of the Departments and administrative position holders. Dr. Deepak Sharma also explained curriculum development and salient features of autonomy. Students were informed about how autonomy allows wide range of electives and freedom in choice of courses. He discussed about Ph.D programme structure, facilities available for Ph.D scholars. The students were informed about UGC (Promotion of Academic Integrity and Prevention of Plagiarism in HEIs) Regulations 2018. Dr. Deepak Sharma also introduced Ph.D supervisors and their area of specialization from Department of Computer Engineering.

Dr. R R Lekurwale explained about Department of Mechanical Engineering and various Research avenues and facilities for Research Scholars in Mechanical Dept. He introduced Ph.D supervisors and their area of specialization in Department of Mechanical Engineering.

Dr. J H Nirmal informed about Department of Electronics Engineering in brief. He gave information about Ph.D supervisors with their area of specialization. He discussed about research facilities available in Department of Electronics Engineering. He discussed with Ph.D scholars about various aspects of Research *viz.* selection of research area, wrong presumptions, and characteristics of good research work, success tips and guidelines.

Vice Principal, Dr. N R Gilke gave the concluding remarks. He congratulated students for Ph.D admission and thanked all students for joining KJSCE for their Ph.D programme. He spoke about various research activities being carried out by students in the college. He
